LIGHTWEIGHT PROJECT

Our Company, FAURECIA INTERIOR SYSTEMS SALC ESPAÑA S.L, in Spain is developing an innovation project focused on:

- Lightweight solutions. Using bio-based, recycled & lightweight materials for weight and CO2 reduction

This project has been supported by CDTI (Centre for the Development of Industrial Technology) from Spanish Ministry of Economy and Competitiveness. This project (EXP-00092546/INNO-20161029) has obtained funding from CDTI.

“JOINT DEVELOPMENT OF NEW NON-WOVEN HIGH RESISTANCE MATS AND THE NEW METHOD TO ASSESS ITS ODOUR AND EMISSION BEHAVIOR”

EXP: INNO-20161029
