- 27.2.1.2 The price for components of Products used as Spare Parts will be not higher than the Supplier's actual production or acquisition cost. In no case, however, the total price of all components of the Products will exceed the current Purchase Order price less assembly costs.
- 27.2.1.3 Supplier shall maintain the last Purchase Order price less any amortization for at least 5 years (but not less than the agreed warranty period for the Product) after EOP of the Customer Product. Potential cost increases in this period have to be agreed within the Letter of Nomination to be valid.

27.2.2 Price Changes

If the Supplier believes a change in pricing for Spare Parts after the period acc. to Section 27.2.1.3 is justified (up or down), a price change request may be submitted to the Company as follows:

- The Company must be informed 9 months before the following calendar year, with earliest price validity starting 1st of January of the following calendar year.
- The Supplier's request is limited to significant and ongoing changes in component, raw material costs, or manufacturing costs.
- Supplier is obliged to provide detailed cost comparison between pre and post EOP phase with burden, selling, general and administrative expenses and profit values being the same as for serial production. Set-up efforts must be stated separately.
- Supplier will provide actual invoices, published price changes, price change requests from Suppliers, all relevant sales information, evidence of actions taken to mitigate price increases, and other information reasonably requested by the

Company (e.g., cost break downs, base figures for hourly/machine rates, set up efforts) to substantiate the requested price change. The Parties will negotiate in good faith any price change and not arbitrarily delay an agreement.

- Mutually agreed price changes will become effective after recovery of all backorders and not applied retroactively.
- The Supplier will continue to ship according to the Company's requirements under the current Purchase Order during these pricing negotiations.

27.3 Tooling

27.3.1 The Supplier agrees to maintain in good condition all tools and equipment necessary to produce Spare Parts, and all corresponding drawings, designs and manufacturing processes until the end of the period of time mentioned in Section 27.1.

If doing so, licensing and tooling fees apply. In case of third-party business Supplier must bear all tool related costs and the Company will not compensate any repair costs at EOP and after.

27.3.4 All other associated costs with machines and tooling, such as maintenance, repair and re-qualification costs, are already incorporated in the piece price.

27.4 Compliance

28.4 Company may delay acceptance of delivery of the Contractual Products and/or performance of the Contractual Services by reason of an excusable delay. In such case, Supplier shall hold the Contractual Products or delay performance of the Contractual Services, at Company's direction and at no cost to Company, until the cause of the excusable delay has been removed.

31.1 Subcontractors

The Supplier shall only be permitted to use Subcontractors to render Contractual Products and/or Contractual Services or portions thereof with the prior written consent of the Company. The Supplier shall be required to contractually and organizationally ensure that the Subcontractors are properly trained and comply with the provisions of the Contract (particularly the non-disclosure obligation).

Consent by the Company shall not limit the liability of the Supplier. The Supplier shall be liable on an unrestricted basis for the acts and omissions of the Subcontractor.

31.2 Assignment of claims

The Supplier shall not be entitled to assign claims arising from this Contract to third parties without the prior written consent of the Company. The Company may not unfairly deny consent. If an extended reservation of title of a contractor/supplier of the Supplier is present, consent shall be deemed to be given following separate written notice (a notice on the delivery note or on an invoice shall not suffice). If the Supplier assigns its claims against the Company without the necessary consent, the Company can, at its discretion, render performance to the Supplier or the relevant third party with obligation-discharging effect.

31.3 Set-off and retention

The Supplier shall only be entitled to set-off any claims against the Company, if such claims have been acknowledged by the Company or judicially established. This shall apply mutatis mutandis to rights of retention of the Supplier.

31.4 Relationship of the Contracting Parties

If not explicitly agreed differently in writing, the Contract should not be interpreted as:

- constituting a de facto company, a joint venture, an agency, a foundation, or any other association of any kind between the Contracting Parties; or
- constituting a joint and several liability between the Company and the Affiliated Companies or between the Affiliated Companies among themselves; or
- permitting to one of the Contracting Parties, towards a third party, to act or to declare itself as having the authority to act as an agent, a representative, or by any other means, to commit or to bind the other Party at any obligation; or
- constituting an exclusive engagement, profiting to the Supplier for the delivery of the Contractual Products and Contractual Services.

31.5 Transfer of the Contract

The Company is entitled to assign in whole or in part this Contract to its Affiliated Companies or to any third party that acquires the relevant portion of the Company or of its Affiliated Companies. The Supplier shall be entitled to terminate the Contract within a reasonable period after the transfer thereof, if the Supplier proves facts, on the basis of which it appears highly probable that the third party cannot perform the contractual duties of the Contract on a sustained basis.

The Supplier shall be entitled to assign this Contract in whole or in part subject to the prior authorisation of the Company.

31.6 Severability clause

Should any provision of the Contract be void, invalid, illegal, unenforceable, or in violation of any applicable laws, by virtue of a judicial decision, arbitration award, competition regulatory body's decision, or any other regulatory bodies' decision, or under any applicable laws, the provision of the Contract thus affected shall be curtailed and limited only to the extent necessary to bring it within the requirements of the laws, and all other provisions of this Contract not affected or impaired shall remain in full force and effect. The Parties are in such event obligated to renegotiate in good faith and replace such void, invalid, illegal, unenforceable provision or provision in violation of the applicable laws, by a valid provision as nearly as possible to the original intention of the Parties in accordance with the applicable laws.

Unless otherwise regulated,

- all dates shall be subject to the Gregorian calendar;

31.8 No waiver

The fact that one of the Contracting Parties does not use a right arising from this Contract or by statute at any point in time or demand the use of such right by the other Contracting Party shall not constitute waiver of the use of such right. The Contracting Party shall be entitled to continue to assert such rights.
